TRAINING:

1. Phase 1: 7 Weeks
2. Phase 2: 4 Weeks

SUMMARY OF DUTIES:

Army Human Intelligence (HUMINT) Collectors perform interrogations, debriefings, screenings, source operations and intelligence liaison in all conflict phases in support of multi-domain operations at every echelon. HUMINT Collectors identify adversarial elements, activities, intentions, capabilities, and locations through the questioning of people in the Operational Environment (OE). They perform HUMINT collection in English and foreign languages. They question enemy prisoners of war and other detainees, enemy deserters, internally displaced persons, liaison contacts, friendly forces, people in the OE with a unique capability to gather information, and other strategic sources. HUMINT Collectors prepare, edit, and disseminate intelligence and technical reports. They use Army HUMINT computer information systems and communications equipment to address intelligence requirements and to gain situational understanding while planning and conducting HUMINT operations. They also utilize and

manage interpreters when applicable. HUMINT Collectors use analytic techniques, tools, and databases to develop, execute, and assess HUMINT operations. The HUMINT Collector uses classified databases and publicly available information for research; they employ security measures to reduce signatures. They conduct coordination in English and foreign languages with host-nation and coalition agencies.

1. In addition to mastering SL1 skills, the 35M SGT provides purpose, motivation, and direction to subordinates through relevant and realistic training and leadership. They coach and counsel subordinate Soldiers as developing leaders. They can recognize pertinent information to be utilized in operations to identify opportunities for cross-cueing and dissemination to outside entities. The HUMINT Collector performs controlled source operations, interrogations, debriefings, intelligence liaison duties, and prioritizes HUMINT sources for questioning. They perform HUMINT collection in English and foreign languages. They supervise language proficiency training and manage assigned interpreters. The HUMINT Collector prepares, edits, and submits intelligence and technical reports using Army HUMINT Intelligence Architecture and communications equipment. They supervise and conduct analysis and research to develop and execute HUMINT collection missions. The HUMINT Collector supervises and employs collection security measures to reduce the signature of HUMINT collection operations. They conduct briefings to internal and external entities to provide a broader understanding of the capabilities of HUMINT and to coordinate HUMINT collection operations. Human Intelligence Collectors must also remain in compliance with AR 11-6 (The Army Language Program).
